

BIS JEWELLER REGISTRATION & HUID PORTAL USER GUIDE

ONLINE REGISTRATION, WORKFLOW & COMPLIANCE REQUIREMENTS

This manual guides retail and wholesale jewellers through registration on Manakonline and daily operations with Assaying & Hallmarking Centres (AHCs).

STEP-BY-STEP JEWELLER REGISTRATION ON MANAKONLINE

- 1. Visit www.manakonline.in and navigate to Hallmarking Portal.
- 2. Provide GSTIN number, PAN card details, and registered address.
- 3. Instant automatic generation of Jeweller Registration Certificate.
- 4. Zero registration fee for micro enterprises (turnover < Rs 5 Crore); nominal one-time fee for small/medium jewellers.

HALLMARKING CONSIGNMENT SUBMISSION TO AHC

The registered jeweller generates an online delivery challan detailing the number of articles and declared purity. Upon delivery to the AHC, the AHC performs XRF screening, fire assay sampling, laser engraves the 3-mark hallmark including HUID, and synchronizes the record to the central BIS database.
