THE 6 STAGES OF INDIAN STANDARD FORMULATION

- **Stage 1: Proposal Stage (NWIP):** New Work Item Proposal submitted by industry, government, or public.
- **Stage 2: Preparatory Stage (Working Draft - WD):** Draft formulated by expert working group.
- **Stage 3: Committee Stage (Committee Draft - CD):** Deliberated by Sectional Committee representing industry, academia, and consumers.
- **Stage 4: Public Enquiry Stage (Wide Circulation - WC):** Published on Manakonline for 30 to 60 days for public comments.
- **Stage 5: Approval Stage:** Formal adoption by the Sectional Committee and Chairman of Division Council.
- **Stage 6: Publication Stage:** Gazette notification and publication as an authoritative Indian Standard.
